Listen to the story. How are Bunny and Crow alike? How are they *different*?

Bunny and Crow live in the forest. Bunny has soft white fur and long floppy ears. She lives in a nice little house under a rock. She likes to hop through the bushes. She likes to visit her animal friends. But she always wondered what the world outside the forest was like.

Crow has shiny black feathers. His house is a nice nest at the top of a tree. He likes to fly high above the forest. He likes to fly over rivers and towns outside the forest.
